ParSplice Keyspace Locality

1 MOTIVATION

The PDSW about ParSplice [1] shows:

- (1) keyspace is structured
- (2) we don't need an unlimited cache
- (3) dynamic policy works for a while

The machine learning portion classifies read throughput into regimes. We could like the machine learning to detect the superbasins.

2 KEYSPACE LOCALITY

3 MACHINE LEARNING TECHNIQUES

- K-means
- DBScane
- online learning

4 IMPLEMENTATION

• HXHIM
